

Op-32-F5

11 October 1946

From: Head, WDC
To:
Central Intelligence Group

1. Attached is the tentative Table of Organization of the Washington Document Center which is suggested for the operation of the Center during the period 1 December 1946 to 1 July 1947.

2. As indicated at the conference in the office of WDC on 10 October 1946, the attached TO is subject to revision if, prior to 1 December 1946, additional reductions occur in service and civilian personnel. As stated at the conference, however, the attached TO represents the best estimate possible of personnel needs to insure the continuation of the present factor of operating efficiency.

3. It will be noted in the tentative TO that where it is desirable to have military personnel it is so indicated. As to other positions, only Civil Service ratings are shown. However, some of these positions will be filled with military and naval personnel who will remain after 1 December 1946.
